In the realm of IT, managing assets efficiently is crucial for maintaining operational integrity and compliance. **Total Network Inventory 6 Professional** stands at the forefront of this domain, offering unparalleled tools for conducting thorough audits of software inventories and ensuring strict adherence to licensing regulations. This comprehensive suite introduces the innovative **Software Asset Management (SAM)** component, designed to streamline the complex processes involved in **IT asset management inventory**.

The screenshot displays the 'Installations' window of the Total Network Inventory 6 Professional software. It shows a list of 7 items selected, with columns for Software, Computer, and Date installed. The items listed are:

Software	Computer	Date installed
Adobe Photoshop 2020	Mars 10.250.250.5	Oct 16, 2020
Autodesk Maya 2022	Bart 10.250.250.151	Oct 16, 2020
Microsoft Office Pro Plus	Homer 10.250.250.152	Oct 16, 2020
Microsoft Office Standard	Uranus 10.250.250.8	Oct 19, 2020
Microsoft Silverlight 5.1.20	Maggie 10.250.250.154	Nov 3, 2020
Microsoft SQL Server 2012	Io 10.250.250.11	Oct 19, 2020
Total Network Inventory	Saturn 10.250.250.7	Oct 16, 2020
